Source: Nielsen TDLinX, April 2021

*Data as of June 2021 to reflect recent completed acquisitions

*All Commodity Volume (ACV) is provided by Nielsen TDLinX. ACV is an annualized range of the estimated retail sales volume of all items sold in a store that pass through the retailer's cash registers. Lottery sales are not included; gas sales are included where applicable. The Nielsen TDLinX ACV is an estimate — a directional measure to be used as an indicator of company size.
